FROM MILITARY COMMANDERS—DISPOSITION

The Cabinet met at noon yesterday in regu lar resolon with all the members present, the conveil lasting over two hours. The consideration of the momentum events that are transpiring absorbed the entire session. Numerous telegrams were read from military commanders, showing the condition of affairs in their respective districts. Gen. Schofeld, who is for Philadelphia with Gen. Hancock, telegraphed that quiet prevails in Philadelphia, and that he has no doubt of Gen. Hancock sullity to suppress any discriber there. Telegrams from Chicags, Indianapolis, St. Louis and other points West were read in Caldinet meeting, showing the condition of affairs at the various points from which they were sent. A regiment of linfairty will be ordered to the West from the Department of the South to strengthen the Foderal forces in that section. The Government believes that its troops will be fully able to suppress the disorder. The several military commanders now have ample forces at their disposal, and other troops are within reach to retinforce them without delay in case of necessity. The prompt action of Secretaries. Homogoon and Metrary in their disposal of the land and uaval forces has been the subject of the greatest commendation to official as well as in private and business circles. A strong detachment of the 2th infantry has been enferted to like hishaid. Ill., to nevi any emergency that may come from Chicago. Six companies of the 2d infantry, which have been on duty in the Stoux country for some time least, are now on their return to the Department of session with all the members present, the coun-lasting over two hours. The consideration of

AFFAIRS AT THE NAVY YARD. AFFAIRS AT THE NAVY YARD.

The commandant of the navy yard received orders on Monday to fit out immediately for sea the light draft monitor Wyandotte, which has been lying in the Eastern branch for the past two months. She was hauled in from her position in the stream and moored at the wharf in an hour after the receipt of the order. The work of coaling her was promptly commenced by a force of laborers, and at the same time the ship-curpenters, plumbers and machinists began to make the necessary repairs. In a short space of time the ship was alive with men.

entitists began to make the necessary repairs. In a short space of time the ship was alive with men.

The machinists and plumbers, after partaking of supper on Monday evening, worked all night, and an additional force constituted the work inst hight. The repairs are expected to be compilete to-day or to-morrow. Commander James D. Graham has been ordered to command this vessel; her watch and engineer officers were detailed yesterday. It is not known where she will be ordered when ready for active service, but may officers express the opinion that she will be anchored either in Georgetown channel, or off the Arsenal. She carries two fifteen-inch guns.

The unmber of sailors and marines who arrived here on the Plymouth and Swatara was 465—75 marines and is30 sailors. The marines are quartered at the barracks, on Eighth street southeast, while the sailors, who are arreed as infantry, are stationed on the United States steamer Wyoming and the old receiving-ship Relief. The latter vessel was hauled in from her anchorage in the stream yesterday and made fast at the wharf. The Swatara is still off the Arsenal, and the Plymouth is at anchor of Alexandria.
